

HEALTH AND SAFETY POLICY STATEMENT

It is Meldan Fabrications policy to ensure so far as is reasonably practicable the health, safety and welfare at work of our employees and any others who may be affected by the company's activities.

Meldan Fabrications aims are to achieve zero accidents and no harm to people, while minimising damage to the environment.

To accomplish our aims we are committed to ensure:

- Compliance with new and existing statutory requirements;
- Adequate resources are made available to develop, implement and monitor the effectiveness of safety management procedures and safe systems of work;
- Health and safety responsibilities are identified, defined and communicated to all employees;
- All new and existing work activities are subjected to a suitable and sufficient risk assessment;
- All significant hazards are identified and risks eliminated or controlled to as low as is reasonably practicable;
- Adequate information, instruction, training and or supervision is provided to all persons affected by our work activities;
- A system of consultation is established between management and employee's to promote continuous health and safety improvements;

All employees are expected to accept their responsibilities to work safely and follow the company's health and safety rules and procedures, and to report to the employer any unsafe conditions that may affect the health and safety of others.
